

Spring Assembly

May 2017

Area Alateen Process Coordinator Report

Currently in the Area there are:

128 active AMIAS, increase of 6 over the last report (Fall Assembly).

19 active Alateen Meetings which is a decrease over the last report (Fall Assembly).

3 people in the process of becoming Sponsors

Active AMIAS need to check with their DR's for information regarding recertification. It is suggested they attend an Alateen Sponsor Workshop at least once every 3 years, but it is not required.

The process is continuing to improve as far as fingerprints and having a WSO# assigned. If the prints are able to be read, the time limit is about 30 days from when I hear from the Virginia State Police, and then it only is a couple of days to get the WSO#.

I have e-mailed to each DR the listing of AMIAS for their District to be reviewed for any changes. I would like this information returned to me by June 1st so I can begin the annual recertification process for WSO, which is due by July 1st.

Thank you all for your help and if you have any questions, please let me know.

Respectfully submitted,

Diane Binns, AAPP
