Informational Items:

Updates since last meeting

- It's been very quiet over the summer. There have been no meetings of Forum Coordinators or Literature Coordinators since March.
- There is an employment opportunity at WSO for a bi-lingual Magazine Editor.
- It has been suggested that using AFA's for Public Outreach may be more beneficial than using old Forums since the AFA's are written specifically for those needing basic information about Al-Anon and for Newcomers.
